<p>I believe in balanced mathematics – procedural understanding, conceptual understanding, application.</p>	<p>All students have a right to understand mathematics.</p>	<p><i>Be Nice. Work Hard.</i></p>
<p><i>Being an educator is a commitment to being a lifelong learner.</i></p>	<p>Teach in context -- Students are more engaged when they make connections to what they're learning.</p>	<p><i>Circumstances do not define or limit us.</i></p>
<p>STUDENTS ARE MORE ENGAGED THROUGH EXPLORATION, BY DOING NOT JUST HEARING.</p>	<p>EVERY DAY IS AN OPPORTUNITY TO DEVELOP CURIOUS LEARNERS WHO CAN POSE AND ANSWER THEIR OWN QUESTIONS.</p>	<p>Every student is unique and learns differently so respect their uniqueness and teach the way they learn.</p>
